**PROCUREMENT MEMORANDUM 2011-01**

**ACTION**

**MEMORANDUM FOR:** BUREAU PROCUREMENT OFFICIALS  
HEADS OF CONTRACTING OFFICES

**FROM:** Helen Hurcombe **Signed**  
Senior Procurement Executive  
and Director for Acquisition Management

**SUBJECT:** FAR Class Deviation: Replacement of FAR Clause 52.209-8  
*Updates of Information Regarding Responsibility Matters*

**Background**

A final FAR rule published in FAC 2005-40 on March 23, 2010, and effective on April 22, 2010, implemented the Federal Awardee Performance and Integrity Information System (FAPIS). The final rule included FAR clause 52.209-8 *Updates of Information Regarding Responsibility Matters (APR 2010)*. Subsequently, Public Law 111-212, enacted on July 29, 2010, required that information in FAPIS, except past performance reviews, reside on a publicly available website. This requirement is in conflict with the current clause. Therefore, it is necessary to deviate from the use of the current clause in order to ease transition to public availability of information in FAPIS.

**Purpose**

The purpose of this memorandum is to issue a class deviation in accordance with FAR 1.404 to require that contracting officers insert the attached replacement to FAR clause 52.209-8 entitled *Updates of Information Regarding Responsibility Matters (DEVIATION) (OCT 2010)* as prescribed in FAR subpart 9.104-7(c) in covered solicitations and contracts issued on or after October 20, 2010.

**Required Action**

Contracting officers shall insert the attached replacement clause 52.209-8 *Updates of Information Regarding Responsibility Matters (DEVIATION) (OCT 2010)* as prescribed in FAR subpart 9.104-7(c) in covered solicitations and contracts issued on or after October 20, 2010.

**Effective Date**

This class deviation is effective on October 20, 2010 and remains in effect until publication of the Federal Acquisition Circular incorporating this requirement into the FAR in or about December 2010.

## **CLASS DEVIATION FROM THE FEDERAL ACQUISITION REGULATION**

### **Reference FAR Subpart 9.1 – Responsible Prospective Contractors**

#### **Determination and Findings**

The Department of Commerce is authorizing a class deviation which requires contracting officers to replace FAR clause 52.209-8 with the attached version of the clause entitled *52.209-8 Updates of Information Regarding Responsibility Matters (DEVIATION) (OCT 2010)* for the prescription contained in FAR subpart 9.104-7(c) in all solicitations and contracts issued on or after October 20, 2010.

#### **Findings**

1. A final FAR rule published in FAC 2005-40 on March 23, 2010, and effective on April 22, 2010, implemented the Federal Awardee Performance and Integrity Information System (FAPIIS). The final rule included FAR clause 52.209-8 *Updates of Information Regarding Responsibility Matters (APR 2010)*.
2. Subsequently, Public Law 111-212, enacted on July 29, 2010, required that information in FAPIIS, except past performance reviews, reside on a publicly available website. This requirement is in conflict with the current clause. Therefore, it is necessary to deviate from the use of the current clause in order to ease transition to public availability of information in FAPIIS.
3. The Chairman of the Civilian Agency Acquisition Council issued a memorandum dated October 14, 2010, providing the effect of consultation for class deviation to allow agencies to require incorporation of the deviation to FAR clause 52.209-8 entitled *Updates of Information Regarding Responsibility Matters (DEVIATION) (OCT 2010)* as soon as possible.
4. An interim rule addressing prescription of the replacement clause will include instructions to contracting officers on modifying existing contracts that contain the current FAR clause. The interim rule is expected to be published in December 2010.
5. This class deviation is necessary to comply with Public Law 111-212 as soon as possible. The deviation has the effect of reducing the number of contracts that will be awarded containing the current FAR clause, which will then require modification, thus reducing the administrative burden on contracting officers.

## Determination

In accordance with FAR 1.404, I hereby authorize this class deviation requiring contracting officers to insert the clause 52.209-8 *Updates of Information Regarding Responsibility Matters (DEVIATION) (OCT 2010)* as prescribed in FAR subpart 9.104-7(c) issued on or after October 20, 2010. This determination is based on analysis of the findings described herein.

This class deviation will remain in effect until issuance of the Federal Acquisition Circular incorporating the requirements herein, in or about December 2010.
